- How many virtual ward beds do you have?
- Can you please specify how many virtual wards you have by speciality (respiratory care, cardiology care, diabetes care, stroke care, renal care, pre/post operative care services, other)?
- How many patients have been admitted in virtual wards in 2017, 2018, 2019, 2020, 2021, and 2022?
- Which virtual ward software providers do you work with?
- Do you have the values and durations of the contracts with the virtual ward software providers for 2019, 2020, 2021 and 2022?
