Response:

Regarding the figures provided in questions 1,2, 4,7, the data shows the total number of inpatient spells with the requested procedure performed. We do not have any inpatient spells data prior to April 2009, so this data consists of where patients had a spell end date between 01/04/2009 – 30/09/2024.

Questions 5/6 We cannot answer these questions as our coding team do not have the OPCS-4.11 codes relating to those procedures.
