### Response:

Note: Cutaquig is not dispensed by the Royal Cornwall Hospital – although the Trust does have patients receiving it. This is prescribed and dispensed by the University Hospitals Plymouth NHS Trust.

During April-June a number of patients have been transferring between products – from Privigen to one of Gamten, Panzyga or Gamunex. From Octagam 10% to Gamten. From Flebogamma to Octagam 5%. Therefore, some patients are listed under more than one product.
